TOUR THE 2015 KIPS BAY DECORATOR SHOW HOUSE

MCMILLEN

Designer Suzana Monacella of McMillen drew on her Brazilian roots for a zesty bedroom set beneath a ceiling painted to resemble Art Deco straw marquetry. The custom-made bed is flanked by display cases backed with a tropical-foliage wallpaper, the carpet recalls tribal basketry, and a toucan statuette stands on the wood chest of drawers. mcmilleninc.com
